

Prepositions are a words (often a short words) that express the relationship between two other nearby words. A preposition precedes a noun (or a pronoun) to show the noun's (or the pronoun's) relationship to another word in the sentence. Prepositions can help us know the time, place and relation of two nouns.

There are many prepositions, common prepositions are: **under, over, on, in, beside**, between and the list goes on.

Rearrange the sentences below according to the picture provided. Rewrite the completed sentences on the lines below. Underline the preposition in each sentence.

1 grill. cod fat the is The on
